2014	0,22%	116,00 €
2015	0,16%	83,05 €

Management report

It is a conservative character fund which seeks to preserve capital with Euribor referenced returns to one year.

The portfolio is constituted by mortgage loans granted as first mortgage, of which the fixed asset upon which falls the mortgage guarantees the good execution of the operation.

Fund which distributes trimestral dividends to its shareholders. This dividend remains initially fixed at a 80% of the fund's result, providing that the latter always remains positive.
